

## COMPANY MISSION AND VALUES

FGS Plant Ltd's mission is to **'be safe'** whilst delivering practical solutions to customer's plant hire needs with impeccable service offering the best value for money.

FGS Plant Ltd pride themselves on the success of the organisation built on the mutual respect of its employees, customers, suppliers and the local community. We take our responsibilities seriously. The health, safety and welfare of its employees and those individuals we interact with is a key priority in our daily activities, constantly striving to continuously improve the quality and service to our customers whilst being mindful of the environmental and social impact the operation has.

These values are underpinned by the achievement of attaining accreditation under ISO9001, ISO14001 and OHSAS18001.

We can give our employees, customers, suppliers and the general public confidence and comfort in our ability to operate in a professional manner and welcome feedback from any interested parties.
