

## QUALITY ASSURANCE POLICY STATEMENT

FGS Plant Ltd is fully committed to providing products and services that fulfil our customers' quality expectations, safety specification and contract requirements. Only by doing this will we secure the financial returns necessary to ensure the future of the company. These objectives are based on three fundamental principles.

\* Developing good relationships at all levels both within the company and with our customers

\* The development of the company's quality management system is based on the requirements of BS, EN, ISO-9001.

\* Ensuring effective continuous improvement by means of regular management reviews and the use of experienced employees

The quality management system will define the policy, organisational structure, functional responsibilities and lines of communication for the management, direction and execution of activities affecting quality.

It is the responsibility of all company employees to fully understand and perform their duties in accordance with the quality manual and supporting procedures relevant to their duties.

The SHE Consultant has the authority and responsibility for the maintenance, revision and distribution of the quality system.

This policy will be regularly monitored to ensure that the objectives are achieved. It will be reviewed annually and, if necessary, revised in the light of legislative or organisational changes.
